

The **American Labor Legislation Review**, quarterly, has just completed its 27th year, and fills a unique place in the literature of labor economics: A cumulative, and general Index, has made it especially useful for students of Labor Problems.

The **American Association for Labor Legislation**, organized in 1906 as a general membership society, has consistently pioneered in problems in its field from the general welfare viewpoint. Furnishing leadership in research, discussion, publication, and action, the Association has effectively attacked problems of industrial hygiene and safety, unemployment, social insurance, and labor law administration.

It also serves as the American Section of the International Association for Social Progress which similarly deals with problems requiring international consideration.

Its purpose is to improve industrial conditions that needlessly involve loss of life, health and productivity of workers; and to obtain that desirable uniformity in protective laws made increasingly important by the more extensive development of competitive trade conditions.

The Association is an instrument with which interested citizens are able to accomplish cooperatively what they could not hope to do individually. It invites membership of all public spirited men and women who thus enjoy many privileges in addition to the publications, including the *Review*. The minimum annual subscription is only three dollars. A good time to become a member is *now*.

NATIONAL HEADQUARTERS:  
131 East 23rd St., New York City

## HEADQUARTERS AND TRANSPORTATION

The headquarters of the Association (and of the American Economic and Statistical Associations) will be at the Chalfonte-Haddon Hall Hotel, where a joint registration and information desk will be maintained. Minimum rates for room with bath, single or double, are \$3.00 and up. Among the hotels within a few blocks are the Claridge, \$3.50 and up; the Morton, \$3.50 and up; and the Seaside, Colton Manor, Franklin Inn, Lafayette, and Senator Hotels, all \$3.00 and up.

No convention rate is granted in railroad fares. It is suggested, however, that members inquire at their local ticket office regarding possible round trip or Christmas rates.
